

Manufacture's Declaration

Confirmation of Compliance with the Requirements of Commission Regulation (EU) 2016/631 (RfG)

AISWEI New Energy Technology (Jiangsu) Co., Ltd hereby confirms that the inverter types listed below table fulfill general requirements for type A power-generating modules in accordance with the Commission Regulation (EU) 2016/631 (RfG).

Brand	ZEVERSOLAR*			
Type reference	ASW TLC10000	ASW TLC8000		
Nominal AC Power	10000W	8000W		
Maximum AC Power	10000W	8800W		
Brand	ZEVERSOLAR			
Type reference	Zeverlution 1000S	Zeverlution 1500S	Zeverlution 2000S	Zeverlution 3000S
Nominal AC Power	1000W	1500W	2000W	3000W
Maximum AC Power	1000W	1500W	2000W	3000W
Brand	ZEVERSOLAR			
Type reference	Zeverlution 3680	Zeverlution 4000	Zeverlution 5000	Zevershine TLC 4000
Nominal AC Power	3680W	4000W	5000W	4000W
Maximum AC Power	3680W	4000W	5000W	4000W
Brand	ZEVERSOLAR			
Type reference	Zevershine TLC 54000	Zevershine TLC 6000	Zevershine TLC 8000	Zevershine TLC 10000
Nominal AC Power	5000W	6000W	8000W	10000W
Maximum AC Power	5000W	6000W	8000W	10000W
Brand	ZEVERSOLAR			
Type reference	Zeversol TLC 15K	Zeversol TLC 17K	Zeversol TLC 20K	Zeverlution Pro 33K
Nominal AC Power	15000W	17000W	20000W	33000W
Maximum AC Power	15000W	17000W	20000W	33000W
Brand	ZEVERSOLAR			
Type reference	Zevershine TL 3680	Zevershine TLC 5000	Zeverlution 3000 SE	Zeverlution 3680 SE
Nominal AC Power	3680W	5000W	3000W	3680W
Maximum AC Power	3680W	5000W	3000W	3680W

*NOTE: except in the Chinese market, all products labelled with the word marks "ZEVERLUTION", "EVERSHINE" or "EVERSOL" are sold by SMA Solar Technology AG or its affiliates, AISWEI New Energy Technology (Jiangsu) Co., Ltd. does not sell these products outside of China.

NOTE: the word marks "ZEVERLUTION", "EVERSHINE" and "EVERSOL" are solely owned by SMA Solar Technology AG and/or its affiliates, AISWEI New Energy Technology (Jiangsu) Co., Ltd., as the manufacturer of inverters mentioned herein subject to the agreement with SMA Solar Technology AG, has no right to use the aforesaid word marks. The quotation of the aforesaid word marks is for the purpose of indicating and describing the inverters under this appendix only, and shall not be interpreted as using these marks under any circumstance.

NOTE: this appendix only applies to the inverters manufactured and sold by AISWEI New Energy Technology (Jiangsu) Co., Ltd. during the period [Sep 2017] to [Jan 2020].

The inverters fulfill general requirements for type A power-generating modules in accordance with the Commission Regulation (EU) 2016/631 (RfG), along with the specifications in the data sheet and the CE declaration, by the following points:

- The inverters fulfill the requirements relating to frequency stability.
- The inverters have the limited frequency sensitive mode - overfrequency (LFSM-O) that was activated by default.
- The active power output can be ceased within five seconds following an instruction being received at the communication device.
- The connecting and reconnecting conditions comply with the relevant TSO.

Suzhou, 03.03.2021
